As a detail-oriented programmer with a passion for solving complex problems, I am committed to delivering high-quality solutions. Recent graduate looking for an opportunity in web development. Highly poised and dedicated with a strong education in design principles and programming languages. I am a self-motivated individual with a natural curiosity and a dedication to staying up-to-date with the latest advancements in technology.

EXPERIENCE

March 2022 - Current

Front end developer Luul Solutions Ltd, London, Uk

During my tenure at Luul Solutions, I successfully delivered a range of innovative technological solutions that helped transform our clients' businesses. One of my most notable achievements was my contribution to the development of Jikolux, a revolutionary point-of-sale

system tailored to meet the unique needs of restaurant owners.

- Resolved issues and enhanced user experience using React, Redux, Node.js, Express, and S_L database technologies.
- Employed RES_A_Is and Redux to implement features that managed states, significantly enhancing functionality and improving user experience .

- Collaborated with a cohesive team to successfully deliver cutting-edge

solutions that consistently exceeded client expectations.

- Demonstrated strong problem-solving skills, attention to detail, and commitment to quality assurance.
- Utilized Styled components to create visually appealing and intuitive interfaces.

EDUCATION

2021

Front end developmnet

Fast-Track Academy , London

During my training, I gained expertise in building highly interactive and user-friendly web applications using React.js and advanced JavaScript concepts. Key skills include:

- Leveraging React Props, States, and Class Component Lifecycle to create dynamic and interactive UIs
- Mastering React Handling Events & React Forms for rich user experiences
- Applying Redux for predictable and robust state management
- Utilizing React Hooks for enhanced performance and functionality
- Developing RESTful APIs using Fetch API and Axios for seamless communication
- Applying best practices in front-end development, using Bootstrap and other popular frameworks
